Livingston County Sheriff's Department
Sheriff Bobby Davidson, Official Custodian, & Custodian of Department Records
P.O. Box 340, 321 Court Street
Smithland, KY 42081

2020/August/10 Open Records Request...

Dear Sheriff Bobby Davidson, & Records Custodian, In 2016 I was forced to leave and seek refuge outside of the United States, due to a series of false arrest and denial of due processes. The last officer that made false arrest against me, Deputy David, was employed by your agency at the time. I'm asking that you investigate my claim of false arrest. The crime was committed in Livingston County and the corruption involved wasn't isolated to Deputy David King. If your agency decides to investigate my claim(s) please advise me of such via email: Reform@DeputyDavidKing.com and I'll provide you with a preponderance of evidence regarding the hazard that Livingston County citizens face.

Deputy David King falsely arrested me for: 1.) Impersonating a peace officer. Deputy David claims that I claimed, that I teach Response to Terrorist classes. 2.) Falsifying a police report. That report wasn't false, it was proven, & furthermore that report was filed by a woman named Brandi Walker and verified by the store clerk. BTW – Yes I do teach anti-terrorism classes. I've done so for 27 years. What I've encountered from your department thus far, constitutes domestic terrorism.

A 5-year old child with INTEGRITY could have conducted an investigation that would have prevented the false arrest, false imprisonment... against me. Deputy David King was not derelict in his duties due to being incapable. Deputy David King made an intentional false arrest. He has a long history of doing so. Now I want to know a few things. 1.) Was David honest about his work history, 2.) Was your department derelict in investigating David's past, 3.) Does your Department have written policies requiring your deputies to conduct a thorough investigation prior to seeking an arrest warrant.

Pursuant to the Kentucky Open Records Act - KRS 61.870 – 61.884

I'm requesting a copy of David's resume and application. I'm also requesting a copy of your Department's written policies. Specifically a written policy that requires your officers to perform a thorough investigation prior to seeking an arrest warrant.

If the requested items are readily available to the public, in digital format, please advise. If the Records Custodian can email a copy of policy(s) to: Reform@DeputyDavidKing.com, that would be greatly appreciated. Otherwise please mail them to my address below. If a fee is required please email me advising me of the amount. Thanks.

Yours sincerely,

A handwritten signature in black ink that reads "James Samples". The signature is written in a cursive, flowing style.
