

CALDWELL COUNTY
CIRCUIT COURT

James Ira Samples,

Petitioner,

vs.

Billy Don Waynick,

Respondent.

PETITION FOR EMERGENCY PROTECTION ORDER

I, James Samples petition the Caldwell County Circuit Court, to enter an emergency protection order preventing Billy Don Waynick, from getting within 1000' of Kadence Elizabeth Samples, born October 11, 2007 & Christopher James Samples, born October 15th, 2008. I'm currently out of the country due to persecution and illicit activities from corrupt officials in connection with Billy Don Waynick.

I was standing there when, Christopher's Granddad asked,:

“son what happened to your eye?” Christopher, ***“Billy Don was being mean.”***

I've received correspondence by those that don't know me, worried about my children...

Guy in Crofton, Kentucky:

*"Yea bro he would guns laying out and used syringes just laying on the counters I finally went off on him. And cut ties with him he was recently seeing someone else that is a friend of mine but he recently **beat her up in front of her kids** but **he would always be trying to find ur ex wife and the kids** and would always talk about how **he wanted to kill everything she loved before he killed her**. But then he would stay up for days and then would cry for a couple then start all over".*

Prior to fleeing persecution I interviewed individuals trying to understand the meth-environment around my children and I've recorded first hand accounts of:

Guy in Benton, Kentucky

Scott, "...the house, Michelle's. She just lets him do what ever he wants **because he'll beat her ass if she don't.**" James, "that's her supply line, she ain't going to cut her supply line off." Scott, "what supply line" James, "do what now?" James, "does she not?" Scott, "I ain't ever known her to do that, man." James, "let me ask you then, out there on Johnson Road. She makes \$29 an hour. That mobile home was not fit to live in." Scott, "Shes clean, she don't do nothing." James, "where's the money going?" Scott, "**Billy, Billy fu-king robs her fu-king blind.** I swear to God I'll tell you, She ain't fu-ked up like that man. I'm telling you that woman is a good woman for real and Billy has made her shit." James, "but Michelle has had violent streaks out the wazoo." Scott, "well I don't live with her, I'm just saying" James, "right, it's hard to believe that she can be that violent and ,," Scott, "She's not on it shes, shes might need some mental help or something but she ain't off on some dope. I swear to God..."

Scott: "he had Crystal call me one night and **he had a gun to her head.** And made her ask me a bunch of questions. What I thought about Billy and all that shit. I said I think he's a low life selfish piece of shit." James, "right." Scott, "Billy comes up over here. Man why are you talking shit about me. So I call Crystal up and I said bitch if you are going to call me up to start some shit then don't call me. You asked what I thought, and I told you. But he was standing right here when I said this. You ain't nothing but a low life piece of shit mother f-ker. I said you ain't no good. I never said anything that I wouldn't say to your face. I said now what. Is there anything else that you want to tell him, I tell him myself if you want him to know." James, "**how did you know that she had a gun to her**

head?" Scott, **"she told me, right in front of him"** – Author: *I'm guessing speaker phone* – James, *"she said it right in front of him?"* Scott, *"she said Scott if I ever call you and I'm asking questions and I'm talking shit about Billy it's because he's standing right next to me making me. I said what do you mean, how do you make a mother fu-ker do anything? You ain't gonna make me call nobody. She said he a had gun to my head what was I supposed to do?..."*

James, *"you know what, everybody that I talk to,,"* Scott, *"It's horror stories. Man it's,,"* James, *"it is"*

Scott, **"your kids don't need to be around the mother fu-ker. I'm going to leave it at this. Michelle, Michelle just ain't got the balls to do it herself."** James, **"do what?"** Scott, **"Get rid of Billy. I'm telling you that the man is bad to her."** James, *"if she wanted away from Billy Don, she could whip him."* Scott, *"I don't know"* James, *"dude, I'm two hunde,,"* Scott, **"I'm just saying that I'm thinking she is scared of Billy for a reason. Something happened. She is scared of Billy. Billy runs her. Just like I told you how the girl was awhile ago. Billy runs her. Now they have their little arguments and shit but he tells her to shut the fu-k up. You know what she does? She shuts the fu-k up. Says I'm sorry and sits down and shuts the fu-k up."**

Woman in Eddyville, Kentucky

*"that doesn't surprise me, but I got away from him before he started **beating** on the kids, **but he did me. All the time.** Like he was a **very abusive and every girl that he's been with since me, he's been that way with. That's just the way he is."***

A female witness that James needed to testify:

*“Billy and this other girl blocked me in, got out of the car and was threatening me, **told me that they were going to kill me**, I couldn’t get my phone, they had me a nervous wreck, I couldn’t even get out of my car, told me that you are going down for ever and that I’d better watch my back and that Jon his back.”*

Billy Waynick was never charged for threatening a witness, he was never charged for blacking the eye of my son that was 8 years old at the time. Billy admitted in court that he was being used as a “confidential” informant. I’ve had to flee the country due to the false arrest, false imprisonments, and other illicit activities that have occurred while complaining about the damage being done by a confidential informant that officials/departments... failed to ensure remains off meth... Michelle has first hand knowledge of these false arrest. Michelle is in a super vulnerable position, she has an actual abusive monster, on one side, Billy Waynick, and Law enforcement that makes false arrest when you try to report crimes caused by their derelict actions in not keeping him clean... I fled the country. Michelle is still stuck there. My children shouldn’t be around him, period.

Therefore, I pray the Court to issue an EPO, no-contact order that requires Billy Don Waynick to remain 1000’ from Kadence & Christopher Samples, and for all other applicable relief.
